REMARKS

The Examiner has objected to the claims on the basis that the designation "w/w%" is confusing. Applicant has amended the specification on page 4 thereof to insert the statement "the designation w/w% as used throughout the specification and claims means "weight per weight percent". Applicant respectfully submits that this symbol w/w% is a well accepted symbol. Attached hereto are printouts of pages from a GOOGLE search demonstrating that the designation "w/w" means "weight per weight" and "w/w%" means "weight per weight percent". Applicant respectfully submits that by inserting the statement on page 4, all possibility of confusion has been eliminated and since this is a well accepted designation by those skilled in the art that there is no new matter being added and that the use of the term in the claims and in the specification is not confusing.

A Petition for One-Month Extension of Time is also accompanied herewith.

As a result of the foregoing substitute specification and claims and the foregoing remarks, Applicant respectfully submits that the application is now in condition for allowance and the issuance of a Notice of Allowance is respectfully requested.

Respectfully submitted,

Date: October 1, 2004
